

UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

STEVEN R. SAUCEDO, JR.,  
Petitioner,

No. C 13-1696 SI (pr)

P. D. BRAZELTON, warden,  
Respondent.

ORDER

14        Respondent has filed a request for an extension of the deadline to respond to plaintiff's  
15 discovery motion. Upon due consideration of the request and the accompanying declaration of  
16 Linda Murphy, the court GRANTS the request. Docket # 26. Less time than the seven weeks  
17 requested will be granted, however, because diligent counsel should not need so much time to  
18 respond to the discovery request. The court notes that only a response to the motion (i.e.,  
19 opposition or statement of non-opposition) needs to be filed by the deadline; respondent does  
20 not need to produce the discovery materials unless and until the court grants permission for  
21 petitioner to do discovery. No later than **June 24, 2015**, respondent must file and serve any  
22 opposition to that motion. No later than **July 3, 2015**, petitioner must file and serve his reply,  
23 if any.

## IT IS SO ORDERED.
